

# TOMASZ RYSAK

< front-end developer />

I am a Senior Front-End Developer with 5 years of experience in building modern web applications. As a self-taught professional, I have passionately developed my front-end skills, successfully combining creativity with advanced technological solutions. During my time at Sabre Corporation, I created innovative applications for the aviation industry, leveraging my knowledge of the tourism sector and strong programming expertise. Currently, I focus on advancing my skills in React.js and Next.js. I value challenges that foster continuous growth and believe that the soft skills gained in various industries enhance my effectiveness in project teams.

## CONTACT
